Why: The Bristol Bay Sportsmen Summit will take place on April 16 -17 in Washington DC. Sportsmen leaders from around the country are traveling to DC to ensure that Bristol Bay, Alaska is protected for future generations of American Sportsmen. Bristol Bay is the source of 40% of the nation's sockeye salmon, provides an estimated annual economic contribution of over \$500 million, and provides 12,000 existing jobs.

The leaders traveling to DC represent hundreds of thousands of hunters and anglers around the county and wish to convey their concerns about the Pebble mine and share their plans to support the EPA during the Watershed Assessment and into the initiation of a CWA 404c action if it is supported by science. EPA's watershed assessment is nearing completion and timing for any subsequent actions will be critical.

This group respectfully requests to meet with Administrator Jackson for 30-45 minutes to discuss their overall plans for 2012 as it relates to the Bristol Bay Fishery and US Government action.

Proposed Agenda:

- Introductions
- Overview of 2010-2012 actions
 - Congressional Outreach
 - Executive Branch Outreach
 - Lower 48 State Stakeholder Mobilization (sportsmen, faith and natives)
 - In Region (Alaska, Pacific Northwest) actions
 - Technical Support

Meeting Request:

- Timing Issues associated with completion of the Watershed Assessment
- Next Steps
- General Discussion and Conclusion

Where: EPA Headquarters
